

# Package: mockplumber (via r-universe)

September 8, 2024

**Title** Mock servers from 'API' documentation

**Version** 0.0.0.9000

**Description** Create a 'plumber' file from an 'OpenAPI' document defining an 'API'. The 'plumber' file will have all the information to generate a mock server for that 'API'.

**License** MIT + file LICENSE

**URL** <https://github.com/jonthegeek/mockplumber>,  
<https://jonthegeek.github.io/mockplumber/>

**BugReports** <https://github.com/jonthegeek/mockplumber/issues>

**Suggests** testthat (>= 3.0.0)

**Config/testthat/edition** 3

**Encoding** UTF-8

**Roxygen** list(markdown = TRUE)

**RoxygenNote** 7.2.3

**Repository** <https://jonthegeek.r-universe.dev>

**RemoteUrl** <https://github.com/jonthegeek/mockplumber>

**RemoteRef** HEAD

**RemoteSha** ca80f26e931e80a737fcea4b47d61aa81410f324
